

CONSTELLATION DETAILS OF REFIT  
September 10, 2007 – April 30, 2008

The interior 'guest' areas are being increased by 507 sq. meters which corresponds to 41% of the existing guest areas.

There will be five (5) additional guest cabins more than 30 sq. meters each.

On Deck 3 there will be a new beauty saloon and a children's play room.

On Deck 5 a new Owner's cabin is being constructed, extending to 95 sq. meters with side private balcony of approximately 11 sq. meters.

The exterior aft Deck 4 area is being reconstructed to create an exterior dining / sitting area.

A Boat Deck is being created on Deck 5 aft. This will accommodate the new speed boats (10 meter luxury limousine, 9 meter inflatable, two 6 meter inflatables, jet skis etc.) and the appropriate tender davits.

Deck 6 is being extended to create a Sun Deck with exquisite view from the Jacuzzi area with awnings and umbrellas. It will also have sitting and sunbathing areas.

A new superstructure is being created on Deck 6 which will accommodate the health and beauty center. This will include a sauna, steam bath, aromatherapy room, gym and a relaxing observation saloon with amazing side and forward views.

On the exterior deck a spacious bar will be constructed and in front of the saloon there will also be a sun bathing area with ample deck chairs and furniture.

The bow of the vessel will be fully remodeled including a new deck with teak lining constructed over the mooring deck and also a new helideck.

All areas will have new finishing touches (grilles, funnel, cover plates etc) for a great new aesthetic result.

Externally there will be new operational and decorative lighting. All navigation and communication instruments and antennas will be re-arranged. New teak decks, new stainless steel rails etc. will be fitted on all deck both old and new.

Finally the vessel will be painted (filling, fairing, painting) to Luxury Super Yacht quality level with AWL-GRIP and SIEKENS system.

The refit is currently underway and is scheduled to be completed by the end of April 2008.
